

AABHAS KUMAR

Computer Science Engineering Student | Full Stack Web Developer

aabhas147@gmail.com | +91 93890 87240 | AKGEC Ghaziabad

SUMMARY

Computer Science Engineering undergraduate with practical experience architecting full-stack web applications and robust RESTful services using the MERN stack. Strong foundation in Data Structures & Algorithms, Object-Oriented Programming, Operating Systems, and DBMS. Proven ability in designing secure token authentication, transactional e-commerce workflows, relational/NoSQL data schemas, and cloud-based media delivery pipelines.

TECHNICAL SKILLS

Languages: C++, JavaScript (ES6+), SQL, HTML5, CSS3

Core CS: Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS, OS, Computer Networks

Backend Development: Node.js, Express.js, RESTful APIs, JWT Authentication, MVC Architecture

Frontend Development: React.js, Tailwind CSS, Vite, State Management, Responsive Design

Databases & Cloud: MongoDB, Mongoose, Cloudinary CDN, Stripe API

Developer Tools: Git, GitHub, Postman, Linux/Unix Shell, VS Code, npm

PROJECTS

Vidya - Full-Stack Video Streaming & Social Platform

Tech: React 19, Vite, Node.js, Express 5, MongoDB, Mongoose, Cloudinary, JWT, Tailwind CSS

- Architected a full-featured video sharing platform supporting user authentication and subscriptions.
- Engineered 15+ RESTful endpoints utilizing Express.js and Cloudinary CDN for media uploads.
- Designed optimized MongoDB aggregation pipelines and compound indexes for channel feeds.
- Built responsive user interface with React 19 and Tailwind CSS maintaining fast load times.

MERN Grocery & E-Commerce Platform

Tech: MongoDB, Express.js, React.js, Node.js, Stripe API, JWT, Tailwind CSS

- Developed end-to-end e-commerce platform featuring role-based access control and order management.
- Integrated Stripe Payment Gateway using secure webhooks for idempotent financial transactions.
- Modeled transactional Mongoose schemas with pre-save hooks to ensure inventory consistency.
- Implemented JWT authentication and HTTP-only cookies safeguarding session integrity.

EDUCATION

Ajay Kumar Garg Engineering College, Ghaziabad

Bachelor of Technology in Computer Science & Engineering | Expected Graduation: 2028 | CGPA: 7.35 / 10.0

Relevant Coursework: Data Structures & Algorithms, DBMS, Operating Systems, OOP

ACHIEVEMENTS

- Solved 70+ algorithmic problems on LeetCode covering DSA, Two-Pointers, Recursion & Sorting.
- Built and deployed 2 full-stack production-ready applications with end-to-end database modeling.
- Active participant in technical coding challenges, practicing Core CS fundamentals.
